

**3rd International Conference on Cognitive Stimulation Therapy
June 10-11, 2019
Saint Louis University
St. Louis, Missouri, US**

Call for Abstracts on Cognitive Stimulation Therapy and other Non-Pharmacological Therapies for Persons with Dementia

All abstracts must be submitted via email to aging@slu.edu by 11:59 pm (Central Standard Time) on March 1, 2019. Notifications will be emailed to submitter within two weeks.

Abstracts accepted for presentation at the 3rd International Cognitive Stimulation Therapy Conference will be published in a special document included in the attendee packets at the event.

Poster Presentation

Abstracts of no more than 350 words will be accepted using the following guidelines (word count does not include title, authors' names and affiliations). The abstract must include the following sections:

Title and names, and affiliations of the presenting author(s)

Background and rationale of the study

Objectives of the study

Methods, including study design, setting, study population, and outcome measure(s)

Results, including statistical analyses conducted and results of analyses

Conclusions and Implications (practice, research, education, and/or policy)

Symposia (1 hour)

Abstracts are not being accepted for symposia; however, if you have a proposed concept for a symposium, please contact Marla Berg-Weger to discuss at marla.bergweger@slu.edu.
